

Instructor Development Course Equipment Checklist

Equipment Available to Rent

BCD

If you do bring your own BCD please note that you will be doing Rescue Skill #7 both during the course and at the Instructor Examinations. You will need to remove and replace the BCD regularly during the course.

Please also be aware that when you do start teaching, your BCD should be similar to the students. It is much easier to teach students with equipment that reflects what they are wearing.

Regulator: Please have a regulator with standard configuration.

Fins: Closed heel fins only available from rental stock

Wetsuit: 3mm short and 3mm long wetsuits available from rental stock. Average water temperature in Phuket is 29 degrees Celsius.

Mask

Snorkel

Boots

Equipment to be Owned by Candidate

These items you must have your own. They are required for the I.E and are standard instructor equipment. You can purchase from Aussie Divers Phuket and receive a 20% discount.
